IV. Council Comments

Councilman Carter asked that the Mayor share details of a deal that was worked out with Don Franklin to continue updating the Police Department Fleet. Mayor Miller shared that the City has worked a trade-in deal with Don Franklin who is taking our old fleet cars, which we previously would have surplused, and given us premium dollar for them. We were able to purchase a 2021 RAM 1500 and a Durango. This is a considerable step toward having our police fleet up to date and equipped without borrowing any money.

Councilman Deatherage asked if the police department is considering the purchase of body cameras. Mayor Miller and Chief Middleton shared that this is a working project for the city. The cost is currently prohibitive, not as much for the cameras but concerning the equipment and space needed to store the video once captured. The City is looking into ways to fund the project, but does not have anything in place yet. Mayor Miller stated that if they do become mandated by the State, he will expect them to provide a way of funding the purchase for smaller communities such as ours.
